1913 siawat

For quality wet sanding
1913 siawat is our top-selling series for wet sanding with a very high market acceptance for years. The very well established product stands out due to its high performance and water resistance. Even if watered for a longer period, it preserves maximum stock removal and lifetime rates.

**Advantages**
- Very even sanding pattern
- Highly adaptable to contours and curves
- Entire grit range available (P060 – P2500)
- Highly water resistant
- May be used wet or dry
- High stock removal with good finish
- Also available as daisy discs with siafast or skf
- The leading wet sanding abrasive for years

**Application**
- Flattening of fillers
- Producing a matt finish on lacquers prior to final lacquering
- Removal of paint runs
- Removal of orange-peel effect and dust inclusions

**Product profile: 1913 siawat**
- Grit: Semi-friable aluminium oxide P060 – P1200
  - Silicon carbide P1500 – P2500
- Coating: Closed
- Bonding: Synthetic resin
- Backing: c-wt paper, waterproof
- Grit range: P060 – P2500
