

2812 siaral x

The professional abrasive for edges, seams, solid wood and parquet flooring

The professional abrasive for edges, seams, solid wood and parquet flooring

As a specialist product for the surface treatment of hardwood, glued solid wood panels as well as for parquet flooring and plywood production, 2812 siaral x with its robust cloth backing and application-oriented belt joints produces top-quality results in belt sanding applications.

- ▶ Suitable for long periods of use thanks to very robust backing and optimised grit spreading technology
- ▶ Extremely high performance when preparing hardwood with coarser grit sizes
- ▶ Application-optimised belt joint

Product profile

Grit type:	Mixed grit types	
Grit range:	16; 24; 36-40; 60-120	
Backing:	Y-wt cloth, cotton	P016 – P120
	X-wt cloth	P150 – P220
Coating:	Closed	
Bonding:	Resin over resin	

Applications

- Flush sanding of protrusions on cross-grained wood
- Flattening of edges and rabbets
- Sanding of wood-based panels and hardwood
- Coarse sanding in parquet and plywood manufacturing
- Intermediate sanding in parquet and plywood manufacturing
- Coarse sanding of laminated solid wood panels
- Intermediate sanding of laminated solid wood panels

Use

Materials

Hard wood; Plywood panel; Soft wood; Solid surface material

Technology

siafast; TopTec
