

6120 siafleece

For even surface finishes in manual and portable machine sanding

**For even surface finishes in manual and portable machine sanding**

6120 siafleece can be used for dry and wet sanding and impresses due to its high conformability, consistent performance over the entire lifetime, low tendency to clog, and consistently high surface quality.

- ▶ Low clogging
- ▶ Consistent sanding pattern and long lifetime thanks to even grit distribution and penetration
- ▶ Can be folded and cut to any desired format

Product profile

Grit type:	Aluminium oxide Silicon carbide
Backing:	Nonwoven
Coating:	Mechanical
Bonding:	Resin over resin

Use**Applications**

- Keying of lass fibre reinforced plastics (GRP)
- Keying of old and new lacquers as well as composite materials
- Cleaning of welds
- Intermediate sanding of curves and profiles
- Refining of grind lines

Materials

Glass-fibre reinforced plastic (GRP); Composite; Aluminium; High-alloy steels; Unalloyed / low-alloy steel

Technology

siafast
