

1913 siawat

The first choice for first-class wet sanding results

The first choice for first-class wet sanding results

As a leading wet use abrasive, the 1913 siawat aluminium oxide series has been producing outstanding results for years thanks to such outstanding properties as high stock removal rates, optimal water resistance, long life and flexibility.

- ▶ Very even sanding pattern
- ▶ Highly water resistant
- ▶ Highly adaptable to contours and shapes
- ▶ High performance for stock removal with good finish
- ▶ Can be used wet or dry

Product profile

Grit type:	Aluminium oxide	P060 – P1200
	Silicon carbide	P1500 – P2500
Grit range:	60-2500	
Backing:	c-wt paper (FSC-certified)	P800 – P2500
	d-wt paper (FSC-certified)	P060 – P600
Coating:	Closed	
Bonding:	Resin over resin	

Use
